

Coconino County Republicans

August 1, 2025

Announcing: There will not be a CCRC General Meeting in August.

As we reach out with our heartfelt prayers for all those who are suffering from the devastation from the Texas and New Mexico floods. let us also lift up and extend our support for the bravery of the fire crews and law enforcement giving endless dedication to the Dragon Bravo, White Sage and Oak Ridge fires.

Message from the County Chair:

Coconino County Republicans, as we coast downhill from a hot, dry summer toward an equally dry fall, I am reminded of the hopeful old cowboy saying, “We are just one day closer to the next good rain”! We have had several successful events in the last couple of months including parades in Flagstaff, Williams, and Parks. Our newly overhauled float was a huge success! We also had a fundraiser raffle for a new Mossberg Patriot rifle, which was excellent for our first fundraiser. We will now concentrate on registering voters, signing up new Precinct Committeemen, and a new raffle for a “Lifetime” kayak, at the upcoming Coconino County Fair Labor Day weekend. We will be planning more fundraising, events and great speakers for Fall.

God Bless you all and President Trump!

Jim Parks

Chair, Coconino County Republican Committee

AZGOP is demanding full disclosure following a cybersecurity breach within the Secretary of State’s office.

AZGOP along with the Republican National Committee has filed lawsuit challenging an Arizona law allowing individuals who have never lived in the U.S. to register to vote. The legal action is part of a nationwide effort to secure elections and insure a vote cast is legitimate.

Protecting Our Farms and Homes from China

Act: Congressman Crane joined Congressman Mary Miller (R-IL) on legislation that forces the Chinese Communist Party to divest any existing U.S. agricultural land or residential real estate holdings within one year of enactment. This strong divestment requirement is a major distinction from other bills and a critical tool to reclaim U.S. property from

The American Farm Bureau Federation states that a series of new trade deals between the United States and countries around the world will directly benefit America’s farmers and ranchers.

A bit of Arizona Trivia:

Arizona agriculture – major to our economy - is a \$23.3 Billion Industry. Yuma, Arizona supplies 90% of the leafy greens to the nation during the winter.

The objective of this interactive class is to help you understand what you can do to improve your safety everyday and during a crisis. Half of the training is dedicated to learning survival skills for an Active Attacker type event.

The class includes some video and audio recordings of actual and simulated crises that some may find disturbing. Because of the possibly disturbing audio and video content, attendees must be 18 years of age or older.

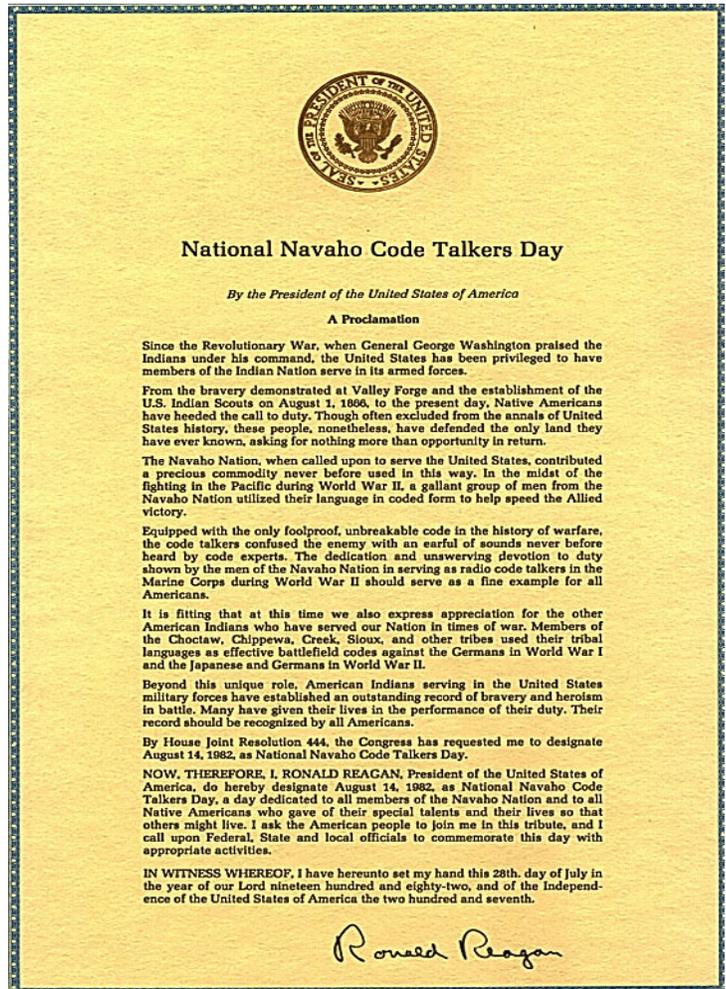

Since its inception in 1854, the Republican Party has stood for freedom, prosperity, and opportunity. Today, those principles continue to come under attack from an ideology contrary to founding American principles. Progressivism's core tenants include more and bigger government, identity politics, and the total suppression of dissenting views.

Coconino County's Republicans are engaged in a local, state and national fight to preserve our individual rights, our families, and the right of our hard-working friends and neighbors to live their best lives.

Our mission is to grow the party and to take our message to every rim, mesa, canyon and corner of Coconino County so that we can elect Republicans up and down the ballot whose principles recognize our inalienable rights and liberties, who promote opportunities for every American so that the American dream is available to every citizen of our county, our state, and our great nation, and who dedicate themselves to preserving America's greatness for our children, grandchildren and great-grandchildren.

We invite you to join us in this undertaking; that *Governments are instituted among Men, deriving their just Powers from the Consent of the Governed – We the People.*
