

## Coconino County Republicans

September 2025

**A HUGE THANKS to ALL who helped set up and tear down and ALL those who helped staff the booth. Our booth had helpful information, free popcorn and popular items to purchase. The Young Republicans also had a booth!**

**Some Candidates were able to visit the booth.**

It's that time where we are able to sign petitions for candidates of our choice. You may now sign petitions online through an E-QUAL program.

## On our Climate Concerns

The *Department of Energy* reveals in a report that greenhouse gases may be warming the planet, but it also found no convincing evidence that hurricanes, tornadoes, floods or drought are more frequent or intense than in recent decades. The *Environmental Protection Agency* has declared 'Liberation Day' from climate overreach and made a move to repeal the 'Endangerment Finding' from 2009 that served to develop plans for greenhouse gas emissions with climate policies.

**Please Note** that this drastically affects our local City Carbon Neutrality Plan but the City has yet to make any withdrawals from the CNP plan.

Here is a **Reminder** to review & comment on the Regional Plan:
