Greetings Patriots

I want to thank everyone who stepped up to help during the Primary. Bob Thorpe has taken on the position of Director of Election Integrity for AZGOP and help recruit Election help. He will be reaching out to be sure we have positions filled for the General. We also need volunteers to help get signs out in the various areas. Stephen Portanova has hit the ground running as our newly elected 2nd Vice Chairman with an excellent PC Pizza party event!! This 2026 Election will be tough for Republicans, we cannot weaken. We must endorse and support all our Republican candidates. The Dems have gone so far left now that nearly any Republican with a pulse is better than ANY DEMOCRAT. Our Republicans need everyone's help this election cycle. God Bless America. Jim Parks, Chair

PLEASE KEEP A WATCHFUL EYE as the storm evolves from the Teachers' Unions, their allies and their agenda at Save Our Schools against the ESA program and your right to school choice. According to the Arizona Free Enterprise Club, their campaign has relied heavily on paid petition circulators, including dozens of convicted felons. In particular, one circulator identified in a legal challenge is a registered sex offender in Flagstaff who collected approximately 650 signatures. Arizona Free Enterprise Club joins the Goldwater Institute in support of its legal challenge to the union-backed initiative sweeping new restrictions on the Arizona's Empowerment Scholarship account and thousands of petition signatures are subject disqualification.

PLEASE HELP RECOGNIZE AND HONOR **NATIONAL NAVAJO CODE TALKERS DAY**. IT WAS DESIGNATED BY PRESIDENT RONALD REAGAN TO BE RECOGNIZED STARTING AUGUST 14, 1982.

Principles of the Republican Party

We believe that man has been endowed by his Creator with freedom of will and that has been granted must not be compromised by any man or government.

- We believe that the first function of our national government is to protect its citizens from foreign aggressors, who would impose by force their way of life upon us.
- We believe that the fundamental function of government at all levels is to protect its citizens from crime.
- We believe that each individual is entitled to equal treatment by his government.
- We affirm the rights of each individual to receive equal treatment and equal opportunity from government under its laws.
- We believe that the free enterprise system is the best system devised for managing the economic affairs of man because it maximizes freedom and production, stimulates competition and thereby benefits the consumer.
- We believe that the foundation of our economy and strength of our nation lies in the working people who are the producing, taxpaying members of our society.
- We believe that our economic system depends upon a strong dollar and that excessive government spending reduces the value of the dollar, and must be curbed.
- We believe that with freedom comes responsibility and that individual initiative is a prerequisite to government assistance unless the individual is unable to help himself.
- We believe that the birthright of each American is to be educated to the maximum of
- his ability, to enjoy the fruits of his labor and advance in economic status assistance unless the individual is unable to help himself.
- We believe that the birthright of each American is to be educated to the maximum of his ability, to enjoy the fruits of his labor, and advance in economic status.

CAPITALISM has been called a system of greed, yet it is the system that RAISED the STANDARD OF LIVING of its poorest citizens to heights no collectivist system has ever begun to equal.
